DuBois, PA 15801

Dear Mr. Roush: *Dave*

I am pleased to provide you this letter outlining my experience working with you as a television news reporter for WJAC-TV's DuBois Region Bureau, specifically covering Elk County and our community of Ridgway.

As the Main Street Manager for Ridgway, I have had the opportunity to personally discuss news items and have been interviewed by you regarding several local issues including, but not limited to:

- Illegal truck traffic descending US Rt. 219 North (Boot Jack Hill)
- Roof collapse at Elk County Path / Dollar General
- Riverfront Development Study for the Clarion River
- The PAWilds and tourism development in our area
- The annual Ridgway Chainsaw Carvers Rendezvous
- Commercial development such as Nana's Little Ducklings and Lumberjack's Restaurant

These and other stories were covered in a courteous, professional and accurate manner. Your honest approach always made me feel comfortable. You never seemed to be "prying or "digging for something" that was not there. You covered the facts and asked for our comments and opinions. You always respected confidential matters and comments made "off-the-record". In summary, you did your homework and you did it well.

I wish you luck in your new endeavor. Feel free to contact me at any time should you need anything from me or my organization.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard A. Viglione", is written over a horizontal line.

Richard A. Viglione,
Ridgway Main Street Manager
